

<b>Mass of hydrogen stored</b>	2g
<b>Mass of empty tank</b>	535g
<b>Temperature of use</b>	From 10°C to 50°C
<b>Temperature of storage</b>	From -40°C to 50°C
<b>Maximum absolute refilling pressure</b>	10 bar
<b>Maximum absolute working pressure</b>	5 bar
<b>Absolute working pressure at 25°C</b>	2bar ( +/-0.5 bar)
<b>Refilling time with cooling</b>	10min
<b>Hydride type</b>	LaNi5
<b>Body material</b>	316L Steel
<b>Quick Connector</b>	Legris G1/8" (Ref 9287 20 10)
For bigger volume, 40NL, 80NL and 150NL please contact us.
